

Maloy Ministry Moments

April 2022

Big Things in Small Packages...

Last fall, when I received Russia as my country of focus for my work with Jesus Film, I of course had no idea what was in store. I've loved my work as a researcher & a strategist in helping to reach Russia's unreached people groups (Jesus Film's *raison d'être*), but Russia's invasion of Ukraine has forced me to shift my focus to the over 3 million Ukrainians which have flooded into neighboring Poland & other countries. One small but powerful tool in our strategy to reach these millions is what we call our "New Life Box." "NLBs" are portable little devices that put out their own Wi-Fi signal. When someone connects to it, they immediately have access to Gospel media in their language as well as a PDF containing instructions on how to avoid human traffickers (a huge problem at the border). Along with other necessary government documents there's also a link to connect Ukrainians to vetted, in-country missions agencies if they desire spiritual assistance during this tumultuous time. We're currently working to add Bible-based trauma support resources to the NLB line up as well.

According to one of our ministry partners in Spain who is assisting with the ministry efforts, *"...next Tuesday, part of our team working with potential victims of sexual exploitation is travelling by bus to Przemysl [Polish city bordering Ukraine] to make [it] possible that 40 women & children can travel back to Spain with us to safe houses & [have] opportunities [for] political asylum & work papers to start again. [Everything is] coordinated with the Spanish embassy & local (Polish) organizations. On our bus trip back to Spain, we'll have NLBs so all women & children can watch JFP (Jesus Film Project) content & have important documents in Ukrainian. We feel blessed to provide this opportunity for the Gospel!"*

In my next update, I'll include some projects I'm personally working on to get the Gospel to Ukrainian refugees. Until then, I'd like to share two ways that you can directly impact ministry efforts on the Ukrainian/Polish border, through [praying](#) & [giving](#). Would you consider giving 30 minutes of prayer & a financial gift to help meet the needs of our brothers & sisters across the world? Thank you for your generous partnership in the Gospel! Only in heaven will we come to find out just how powerful an impact this partnership has been. I look forward to that day!

Refugees at the Krakow train station using the New Life Box; the train station at Krakow; Local Ukrainian Cru staff receiving training on how to use New Life Boxes; Partners with Hope for Orphans (hfoukraine.com) who will be using New Life Boxes.

You Can Help!

Want to assist Ukrainian refugees in crisis? sites.google.com/cru.org/ukraineprayerrequests/home and <https://give.cru.org/0785501> have prayer and giving opportunities to aid our brothers and sisters in this time of great need. We also request prayer for the New Life Box outreach, that many people will be helped by the practical resources provided by the content and our partnership ministries, and will watch content about Jesus and respond to Him in faith!
